PROFESSIONAL SUMMARY

Full-stack developer with hands-on experience across web, mobile, data, and workflow automation projects, plus test automation skills using Playwright. Built and shipped a feature-complete Flutter and Supabase mobile app end to end, including a full database migration and a working layered AI integration. Picks up new tools and codebases quickly, documents test cases clearly, and communicates well when turning project requirements into working features. The result is a Web Dev / Tech VA who can build, test, and troubleshoot directly, not just coordinate the work.

KEY SKILLS

Technical Skills: Workflow & Drive Automation (Python, Google Apps Script) | Flutter & Mobile App Development | Playwright Test Automation | Power BI & Data Visualization | SQL & Database Management | Git & Version Control

Professional Skills: Fast Technical Adaptation | Clear Client Communication | Problem-Solving | Time Management

TECH PROFICIENCY

Languages & Frameworks: C#, Python, JavaScript, PHP, SQL, Dart, .NET Framework, Laravel, Flutter

Automation & Scripting: Python, Google Apps Script, Google Drive API, Multi-threading

Testing & QA: Playwright, Functional Test Case Documentation

Data & Reporting: Excel, Power BI

Backend & Database: Supabase, PostgreSQL, MSSQL, SQLite, Firebase

Tools: Git, GitHub, Figma, Canva

Task Management: Google Sheets, Notion, ClickUp, Jira

Communication: Zoom, Google Meet, Discord, Slack

EDUCATION

Bachelor of Science in Information Technology

Polytechnic University of the Philippines – Quezon City Campus

- DOST (Department of Science and Technology) Scholar, 2023

Relevant Coursework: Software Quality Assurance, Application Development and Emerging Technologies, Data Structures and Algorithms, Database Systems

RELEVANT EXPERIENCE

Solo Developer | Diarago: Gamified Productivity Journal App

2026

- Built a full mobile app from idea to finished product using Flutter and Supabase, including migrating the entire database from Firebase without losing data or downtime.
- Set up a backup AI system with multiple fallback layers so the app kept working smoothly even without internet access, meaning users were never left stuck.
- Built gamification features, including a 15-trigger achievement system and XP leveling, that turned a simple journal app into a daily habit tool users actually stuck with.

Independent Developer | Drive & Library Automation Projects

2026

- Organized and filed over 77,000 files into a clean, categorized Google Drive structure automatically, saving what would have been weeks of manual sorting.
- Built the process to run unattended for days at a time, automatically retrying failed steps and picking back up right where it left off after any disconnect.
- Automated the creation of a 700+ folder filing system with a script that's safe to rerun anytime without creating duplicates or clutter.

Data Analyst | Poverty Incidence & Literacy Analysis Dashboard

June 2025

- Cleaned and organized messy government datasets in Excel, the essential first step every accurate dashboard depends on.
- Built an interactive Power BI dashboard with KPI cards and visual comparisons that made it easy to see how literacy and poverty connect across regions at a glance.

QA & Test Automation | Software Quality Assurance Coursework — PUP

- Documented test plans and functional test cases for two applications, then automated cross-browser testing with Playwright to catch bugs before release.

CERTIFICATIONS & ACHIEVEMENTS

- Foundational C# with Microsoft — FreeCodeCamp
- 1st Place, ProtoHype Hackathon — IT Month 2025

REMOTE WORK READINESS

Internet: Primary: Converge 100 Mbps | Backup: Smart mobile data hotspot

Power Backup: Nearby coworking space as contingency

Equipment: ASUS Vivobook M1605YA (AMD Ryzen 5 7530U, 8 GB RAM, 512 GB SSD) | Built-in camera, Ugreen HiTune Max5c headset with microphone

Availability: Monday – Friday, 12:00 AM – 4:00 AM (GMT+8) | Covers US Eastern mornings (~11 AM–3 PM ET), Pacific mornings (~8 AM–12 PM PT), and UK afternoons (~4–8 PM GMT)

LANGUAGES

English: Fluent

Filipino: Native
